Forensic Accounting Experience

FAS is a small niche practice specialising in the quantification of loss of earnings and loss of pension claims in the field of litigation. FAS offers every client a partner led service. Gail has been carrying out forensic accountancy assignments for over 25 years and has been involved in over 1,000 litigation cases in both commercial and personal injury claims. Gail is based in the London office. Areas of work include:

- Personal injury/fatal accident claims
- Asbestos/mesothelioma and clinical negligence claims
- Contractual disputes
- Damages claims for loss of profit and business interruption
- Miscarriages of Justice
- Other financial investigation work

GAIL RIFKIND BACA MAE

Brief synopsis of qualifications and experience

Gail takes instructions on forensic assignments as Party Appointed Expert, Single Joint Expert and Shadow Expert and Advisor. She has attended the High Court and County Court as the Expert Accountant giving evidence at trial on the substance of her report. She has also attended mediations and assisted in the settlement of claims.

Gail has a wealth of experience as well as a clear understanding of the way in which the Civil Procedure Rules apply to expert witness instructions.

Gail is familiar with all aspects of the quantification of past and future loss of earnings and benefits and in calculating loss of pension claims. Her reports are always well researched and stand up to scrutiny when being examined by her opponent or in Court.

Presentations

Gail has presented to firms of solicitors and insurance companies on loss of earnings and loss of pension claims, has lectured to solicitors and barristers and has had articles published in The Lawyer, APIL newsletter and the Journal of Personal Injury Law.
